Providing Services

The Group has been operating in Africa for over 150 years, with the widest branch network and client base among international banks. South Africa and Nigeria offices have dedicated M&A bankers among staff members, and engage in a large number of transactions for the sectors such as mining, commodities for living, food retailing, resources and social infrastructure. Our Japan Desk in Dubai also covers the African continent, assisting Japanese companies to invest and expand their business across Africa.

Our network in Africa: We have branches in 15 countries, widely covering the Sub-Saharan Africa region.

Products offered are:

- Transaction Banking – Trade Finance, Cash Management, Securities Settlement Service and Internet Banking
- Financial Markets – Foreign Exchange, Rate Products, Commodities, Credit Products, Derivatives and Capital Markets
- Corporate Finance – Project & Export Finance, ECA Finance, Structured Finance (aircraft finance and ship finance) and M&A Advisory
