Providing Services

Social Infrastructure & Offshore Facilities

Resources, Energy & Environment

Industrial Systems & General Purpose Machinery

Aero Engine, Space & Defense

IHI Corporation is a comprehensive heavy-industry manufacturer working to create value for customers in four main areas—Social Infrastructure & Offshore Facilities; Resources, Energy & Environment; Industrial Systems & General-Purpose Machinery; and Aero Engine, Space & Defense. IHI is deeply committed to contributing to society through technology, combining diverse engineering capabilities to meet expanding global needs for energy, urbanization and industrialization, and transportation efficiency.

IHI Corporation and the IHI Group have a very long experience in the construction of bridges, with thousands of examples worldwide. IHI's product range spans all types of steel and pre-stressed concrete bridges. These include Girder bridges, Truss bridges, Arch bridges, and Rigid Frame bridges. In particular, IHI is the leader for long-span bridges such as Suspension Bridges and Cable Stayed Bridges.
