Providing Services

Since its establishment in 1970, the World Kaihatsu Kogyo Co., Ltd., WKK, has become one of Japan's distinguished leaders in the field of asphalt paving and road construction technology.

Our commitment to quality work, reasonable prices, and our ability to do the job that other companies cannot, has helped us become the largest paving company in Nagano Prefecture.

WKK-owned machinery is controlled by our reliable management system with a stock of 460 construction machines, a highly skilled labor force and an effective management team; we are ready for any asphalt-paving job.
