Providing Services

Nippon Steel Corporation makes a wide range of value-added steel products, in more than 15 countries as well as at 16 steelworks in Japan. It emphasizes three business fields as key strategic areas: (1) high-grade steel products for automobiles, (2) resources & energy, and (3) civil engineering, construction, and railways.

Nippon Steel will pursue world-leading technologies and manufacturing capabilities, and contribute to society by providing excellent products and services.
